International

Trusting charities
Faith, hope and charities

The public trusts charities more than any other type of organisation. But measuring do-gooding risks shattering some illusions

Nov 11th 2010

Data protectionism
Surfing the web

A small spat highlights a big issue: who owns your online identity?

Nov 11th 2010

Articles from previous editions

Yemen's local and global terrorism
No quick fixes

Fighting terrorism in Yemen requires patience and partners

Nov 4th 2010

Air freight and counter-terrorism
Turbulence

Bureaucracy not technology

Nov 4th 2010

A history of parcel bombs
Going postal

Sending explosives through the post has a long and murky history

Nov 4th 2010

Bomb-making for beginners
Bangers

An explosive cat-and-mouse game

Nov 4th 2010

Articles from previous editions, continued...

Sharia in the West

Whose law counts most?

Finding an accommodation between Islamic law and Western legal codes is difficult. But there are some ways forward

Oct 14th 2010

Islam's legal lexicon

How to speak sharia

Telling the fard from the fatwa

Oct 14th 2010

When referendums work

Vox pops

A referendum can seal a peace deal. Or shatter it

Oct 14th 2010

Law, politics and internet addresses

tough.ly/treated

Shortened web links are convenient, but they come at a price

Oct 14th 2010

Holy places

Unholy rows

Holy places should unite humanity. Too often, they have the opposite effect

Oct 7th 2010

Aquifers

Deep waters, slowly drying up

Depletion of aquifers is a looming tragedy. New agreements offer hope

Oct 7th 2010

Alien torts

Trial trails

An American court blocks human-rights suits against businesses

Oct 7th 2010

Global health funding

Passing the tin

Donors scrimp on cash for global public health

Oct 7th 2010

The Stuxnet outbreak

A worm in the centrifuge

An unusually sophisticated cyber-weapon is mysterious but important

Sep 30th 2010

Rare earths and China
